Central African Republic	Guyana	Morocco	Sierra Leone	Zimbabwe
Chad	Haiti	Mozambique	Singapore	
China	Honduras	Myanmar	Solomon Islands	
China, Hong Kong SAR				
China, Macao SAR				
Colombia				

Source: World Health Organization Global Health Observatory, Tuberculosis Incidence 2017. Countries with incidence rates of ≥ 20 cases per 100,000 population. For future updates, refer to <http://www.who.int/tb/country/en/>.

Have you had frequent or prolonged visits* to one or more of the countries or territories listed above with a high prevalence of TB disease? (If yes, CHECK the countries or territories, above) Yes No

Have you been a resident and/or employee of high-risk congregate settings (e.g., correctional facilities, long-term care facilities, and homeless shelters)? Yes No

Have you been a volunteer or health care worker who served clients who are at increased risk for active TB disease? Yes No

Have you ever been a member of any of the following groups that may have an increased incidence of latent *M. tuberculosis* infection or active TB disease: medically underserved, low-income, or abusing drugs or alcohol? Yes No

If the answer is YES to any of the above questions, [insert your college/university name] requires that you receive TB testing as soon as possible but at least prior to the start of the subsequent semester).

If the answer to all of the above questions is NO, no further testing or further action is required.

* The significance of the travel exposure should be discussed with a health care provider and evaluated.
