TRANSITIONING TO COLLEGE
From Counseling Services and the AOD Program at Arcadia University

SUPPORT SYSTEM PLAN
Identify your support system and talk with them about how you plan to stay in touch this semester. Finding the right balance between connection to home and connection at Arcadia can be challenging and look different for everyone.

REALISTIC EXPECTATIONS
Give yourself some time to adjust. Recognize that relationships take time to develop (e.g. most students’ friendships from home formed over a period of years), and that your surroundings will become more familiar over time.

PRACTICE SELF CARE
Make an extra effort to take care of yourself, including making time to rest, eat balanced meals, exercise and avoid abuse of alcohol or other drugs. Develop a manageable schedule, including identifying your optimal place and time of day to study.

COUNSELING TOOLBOX
Information and helpful tools can be found on the Arcadia Counseling Services website. Familiarize yourself with this invaluable resource before classes start. Visit arcadia.edu/counseling

COMPLETE GET INCLUSIVE MODULES
Alcohol & Other Drugs and Voices for Change modules are interactive educational programs designed to help you protect yourself and others from abuse of alcohol and other drugs as well as preventing sexual assault. The 2 courses are confidential and take approximately two hours to complete both. Email will be sent July 29th. Both modules must be completed by Aug 22nd.

MEDICATION REFILLS
Make sure that you have a few months supply of your prescription while on campus this semester. Avoid running out of medication before you are able to return to your provider at break.
