

Researcher 2: Post-Submission Advanced Topics

Training Energizer

IRBNet provides the research community with an unmatched set of secure, web-based collaboration tools to support the design, management, review and oversight of research involving human subjects, animal models, recombinant DNA, and more.

This Energizer covers advanced submission topics for Researchers, Research Managers, or Research Coordinators. This Energizer will illustrate how to:

- Manage My Reminders
- Review Project Messages & Alerts
- Create a Subsequent Package
- Add and Revise Documents
- Complete and Submit Subsequent Package

Did you submit an incomplete package?

If you have forgotten to add a necessary document or need to make a quick change to a recently submitted project package,
CONTACT YOUR LOCAL BOARD COORDINATOR.

Responses to board requests and normal actions in the project life cycle (reportable events, continuing reviews, adverse events, study team changes, investigator - and sponsor - initiated modifications, etc.) require the creation of subsequent packages in a project.
CONTACT YOUR LOCAL BOARD COORDINATOR if you have questions.

Receiving Notifications

Once the committee has rendered a decision you will receive an automatic e-mail notification. That notification can be found in My Reminders.
