

## **Arcadia Undergraduate Curriculum Requirements for Transfer Students (effective Fall 2023)**

Note: Undergraduate Curriculum requirements are defined by courses rather than credits. Numbers in parentheses indicate the number of courses.

Upon entrance to Arcadia transfer students' credits will be reviewed for Undergraduate Curriculum equivalencies that have been completed at a prior institution. Appropriate Undergraduate Curriculum requirements will be considered satisfied by equivalencies taken at a prior institution.

Any student who is not exempt from English 101 (by the completion of an appropriate course with a 'C-' or better) must take the English placement exam to determine proficiency and Writing requirements status.

### **Major requirements**

Students will fulfill the requirements of their major. Any of the requirements listed below may be fulfilled within a student's major.

**Requirements for Students Transferring 18 Credits or Fewer** (not including AP exam credits and dual enrollment college credits):
